

## BUSHMANS QUIVER QUALITY AFRICAN SAFARIS PACKAGES

Bushmans Quiver offers package safaris in both the Limpopo Province and the Western Cape Province. Limpopo package safaris are operated out of our Karoi Bush Camp. Western Cape package safaris are operated out of our Lidikwe Bush Camp.

All safari packages are priced according to 1 client to 1 Professional Hunter (1x1), or 2 clients to 1 Professional Hunter (2x1). Note that in some cases identical packages consisting of the same animals are available in either Limpopo or in the Western Cape (for instance, Package 1 in the Limpopo and Package 1 in the Western Cape consist of the same animal species). Thus, whichever package appeals the most to the client may depend on (a) which biome the client prefers, and possibly (b) what additional non-hunting activities the client may wish to experience. See list of additional fee-based non-hunting activities on the website.

The number of days allotted to each package are *actual hunting days* and do not account for the necessary Day of Arrival nor Day of Departure. For the most part, each package will require these two extra days; thus a 7-day safari will typically necessitate 9 days in South Africa.

Before making a decision to elect a package safari versus a tailor-made safari please read the sections on our website titled “Western Cape Pricing” and “Limpopo Pricing” for a deeper understanding of what is included and not included in any particular safari. Western Cape Packages include ground transportation from Port Elizabeth International Airport to our Lidikwe Bush Camp (round trip). Thus, clients selecting Western Cape Packages will incur roundtrip air fare expense from Johannesburg to Port Elizabeth (est. cost: \$200 per person). In addition, depending on the client's arrival time in Johannesburg, an additional night's lodging may be required in Johannesburg. Bushmans Quiver will assist with these arrangements where necessary.
